**PLEASE BE
ADVISED**

Stage 3 is in effect.
How is it different than stage 2?

**NO WARNINGS WILL BE
GIVEN.**

Stage 3 means...

CUSTOMERS MAY ONLY WATER LAWNS
ONCE PER WEEK ON THEIR DESIGNATED
WATERING DAYS.

Please note:

IN ADDITION, THE LCRA AND THE WTCPUA
ARE CURRENTLY CONSIDERING MORE
COMPREHENSIVE CHANGES TO THEIR
DROUGHT CONTINGENCY PLANS. THE
DISTRICTS ANTICIPATE INCORPORATING
THESE CHANGES INTO THEIR DROUGHT
CONTINGENCY PLANS IN LATE APRIL, AND
WE WILL HIGHLIGHT CHANGES IN
UPCOMING NEWSLETTERS.

Contact WCID staff at help@hayswcid.org or 512-686-1660 or visit our office at the Belterra
Community Centre,

151 Trinity Hills Dr, Austin Tx 78737.

Click the can for more Recycling FAQ's

Click the can for more Trash FAQ's

ALWAYS THINK... Paper, Glass, Cans
All of your **DON'T** items are considered TRASH

Where does Belterra's water come from?

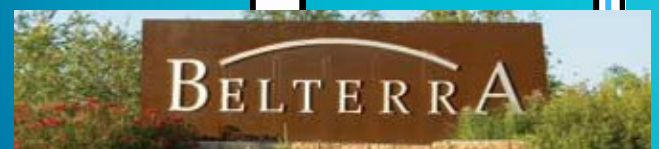

Step 1 - LCRA: Lower Colorado River Authority (LCRA) manages water in the Highland Lakes system, which is the primary source of water supply for much of the Austin area. The WCIDs have existing long-term contracts with the LCRA for water supply commitments, which provide the WCIDs with the right to use untreated water from the LCRA Highland Lake system.

Step 2 - WTCPUA: Because Belterra is not located near the Highland Lakes, the WCIDs have each contracted with the West Travis County Public Utility Agency (WTCPUA) to withdraw and treat water to drinking standards. Under these contracts, the WTCPUA is responsible for delivering treated water to Belterra through its US 290 transmission line, which connects to each WCID's water distribution system. The WTCPUA provides these services to many other communities in North Hays County and West Travis County.

Step 3 - WCIDs 1 & 2: Unlike some other nearby communities, the WCIDs are wholesale customers of the WTCPUA. This means that WCIDs 1 & 2 are responsible for constructing, operating and maintaining the internal water infrastructure within Belterra and billing customers for retail water service.
